COMMISSIONERS' REPORT.

TO THE CITIZENS OF GRAFTON COUNTY :

The Public Statutes require County officers to report to the 31st of December, annually, instead of the 30th of April as under the General Laws, which change causes the present report to be for twenty months instead of one year, namely, from April 30th, 1891 to December 31st, 1892.

The affairs of the County are in a satisfactory condition. The court houses, jail, and Almshouse and buildings have been kept in good repair, more expense having been laid out for that purpose the past year than is necessary for average yearly repairs.

The extraordinary expense of the capture and trial of the murderer Almy, amounting to \$7554.56, has been paid, the interest account has been met, and the debt of the County reduced nearly \$12,000 since the last report, and this with no more outstanding claims than is usual when a county report is made. It is a matter for you to judge whether your officers have been faithful in serving your interests.

The management of the County Farm and Almshouse under the supervision of Mr. and Mrs. H. R. Norris, Superintendent and Matron, calls for high commendation. Mr. and Mrs. Norris have been untiring in their labors for the comfort of the inmates of the Almshouse, endeavoring to provide for them all their condition demanded, having at the same time due regard to your interest as tax payers, this they have done so successfully that the cost of supporting each inmate has barely exceeded ninety-seven cents per week, yet careful and frequent inspections of all parts of the house, dining-room, pantries, kitchen and dormitories during the last twenty months, assure us that the inmates of the Grafton County Almshouse are, to say the least, as well provided for in all ways as in other similar institutions in the State. In speaking of the average cost per week we wish to be correctly understood; that in ascertaining the rate given, the value of productions of the farm do not enter into the calculation, only the current expenses of the institution, the value of the inventory of the personal property compared with the previous inventory, the insurance

on the buildings, furniture and supplies, and the interest on the investment are considered. If the value of farm products were added, the rate per capita would be largely increased.

The average cost of supporting inmates is greater or less, according to the average number of inmates and the income from the farm and other sources, other than the treasury, increase or diminish.

The expense of caring for the poor, not on the farm, has been something more than \$2000, less per year than for the last year reported, and we feel that this saving has been made without depriving the *worthy* poor of any real necessity. We wish to say to the several overseers, that, while the deserving poor should be well and kindly cared for, in many instances the wisest and best relief is to help,—and sometimes compel them to help themselves, and those who refuse such opportunities for assistance should be removed to the county almshouse.

Your Commissioners are convinced, after becoming acquainted with the situation of the county poor in the several towns, that they are not generally as well cared for as those at the Almshouse, while the expense of their maintainance is more than doubled. Therefore we recommend that those applicants for relief, who can be moved consistently, should be taken to the institution designed and supported for their care.

TO THE OVERSEERS OF THE POOR IN
THE SEVERAL TOWNS.

The following towns may send their affidavits and direct their correspondence till April 1st 1893 to C. W. HERBERT, Rumney Depot, N. H.:—Rumney, Groton, Hebron, Ellsworth, Plymouth, Bridgewater, Ashland, Holderness, Campton, Thornton, Waren, Waterville, Wentworth and Dorchester. The following towns

direct theirs to W. F. SMITH, Lebanon, N. H.:—Piermont, Orford, Lyme, Hanover, Lebanon, Enfield, Canaan, Grafton, Orange, Bristol and Alexandria. And the following towns may direct theirs to W. F. PARKER, Franconia, N. H.:—Haverhill, Bath, Monroe, Lyman, Lisbon, Landaff, Easton, Littleton, Franconia, Bethlehem, Benton, Livermore, Lincoln and Woodstock.

We desire to call your notice to Chapter 27, Sections 9, 10, 11 and Chapter 85, Sections 1, 2, 4, 5, 14, and 15, of the Public Statutes and inform you that no bills will be PAID for more than 30 days' support previous to the proper affidavits being furnished us according to the requirements of these statutes. The evidence as to settlement must show the name, age, place of present or former residence of applicant since Jan. 1, 1880; the amount of property owned by and taxed to them in any place since 1880; whether married or single; if married, when and to whom; if under the age of thirty years, the name and place and residence of parents; the amount of property owned by and to either of them; if they have received any aid, when and by whom; where they have lived since 1880, and any other material facts bearing upon the matter.

We also call your attention to Chapter 58, Section 1, Pamphlet Laws of 1883, entitled "An act for the punishment of parents who neglect to provide for the suport of their minor children," and to report any such case at once to the commissioners, so that such delinquents may be compelled to perform their duty to their legitimate offspring.

We would also call your attention to an act of the Legislature approved April 7, 1891, entitled "An act in relation to aid furnished to indigent soldiers, and providing for enterance to the Soldiers' Home in certain cases," and request you to see that the provisions of said Act are complied with before furnishing aid at the expense of the County.

You are requested to present to the County Commissioners during the first week of each term of Court all legal claims which said town has against said county for the support of county paupers.

You are requested to look after the interests of said paupers, and be sure that each pauper gets a dollar's worth of goods for a

dollar, and settle no bills that are not particularly itemized as regards weight, quantity and price.

We desire to express our thanks to the overseers of the poor throughout the County for the interest they have manifested in their able assistance in the care of the unfortunate poor in our midst. The class of paupers that receive aid at their homes, in the several towns, in the County, are directly under your care, and we trust you will give each case a personal inspection so that no one shall defraud the county, and no deserving ones suffer for the common necessities of life.

We extend to all the citizens, and especially the taxpayers, a cordial invitation to visit the Almshouse, and witness for themselves the manner in which the institution is managed, and thus be better enabled to judge how their money is expended:

Respectfully submitted.

REPORT OF CHAPLAINS.

TO THE HONORABLE COMMISSIONERS OF GRAFTON COUNTY:

GENTLEMEN: My term of service expiring April 1st, I take pleasure in giving this my third report. Services have been held alternate Sabbaths during the entire year with only two exceptions occasioned by sickness. I have preached twenty-four times and attended three funerals.

The health of the inmates has been continued with remarkable regularity considering the prevalence of so much sickness in the community,

My observation of things about the house leads me to the conclusion that the efforts for the moral improvement of the inmates are not wholly in vain. It must be understood that the fixed habits and mental condition of the majority of the inmates make the work of the Chaplain somewhat indefinite. Yet it is unquestioned that religious services on the Sabbath and the Christian burial given those who die in the House, have a decidedly beneficial effect.

In closing, I must gratefully mention the Superintendent and Matron whose influence and assistance, quietly, yet effectually rendered, have been of the greatest value in securing the good results of the work.

Respectfully submitted,
J. P. FRYE.

TO THE HONORABLE BOARD OF COMMISSIONERS:

GENTLEMEN: I have performed the duties of Chaplain at the County Farm since the first of May last. I have held religious services once in two weeks. I have had a sincere desire to make the services profitable to the inmates, I have invariably found a quiet and attentive company of listeners. There are some of the inmates who enjoy a religious service and are benefitted by it. The Sunday service relieves the tedium of a life somewhat monotonous, and is a benefit mentally and physically, as well as morally and spiritually. No doubt some do not practice what they hear, but this is true of some who hear the word elsewhere. On the whole I have felt that, although I was not accomplishing all the good I desired, yet the services are useful. The inmates are neatly and comfortably clad, and any citizen of the County would have no occasion to be ashamed to worship with them, if circumstances permitted him to be present at one of our Sunday services. I take this opportunity to return thanks to the Superintendent and Matron, and also to Mr. and Mrs. Dexter and Mr. and Mrs. Peabody for courtesy and co-operation, and especially for help in singing.

Respectfully submitted,
EDWARD R. PERKINS.

PHYSICIAN'S REPORT.

TO THE HONORABLE COMMISSIONERS AND CITIZENS OF GRAFTON COUNTY:

GENTLEMEN: According to the general law and custom, meeting the requirements of the medical attending physician to the Grafton County Almshouse, I hereby submit my annual re-

port ending April 30, 1892, accompanying it, the report from April 30, 1892 to December 31, 1892.

Taking in consideration the length of time for which this report is submitted, the seeming numerous deaths, are not an unusual death record in comparison to the preceeding years. I wish to call attention to the fact that many of the deceased were brought to the Aimshouse on their death bed succumbing immediatly to the inevitable. No epidemic has visited the institution and only the aged and those afflicted with chronic and hereditary diseases number the death record.

Satisfaction and contentment is expressed by all the inmates. The sanatary condition of the institution is worthy of the highest commendation. Every effort is made by the Superintendent and Matron to accomplish the homelike and pleasant surroundings for the unfortunate. It is demonstrated not only by appearance, but by the appreciation of the inmates, all of whom are properly clothed and fed, gathered in groops in their warm apartments chatting and laughing in the remembrance of old days long gone by. The wants of the sick are immediately attended to and in every instance nothing is neglected to make more comfortable those that need sympathy and attention. No amputations. One birth.

It is with pleasure I express my acknowledgments to the Superintendent, Matron and others assisting in the welfare of the inmates, also the Board of Commissioners to all of whom I am indebted for many courtesies, seconding every suggestion and without one exception did everything in their power to render the sick in a healthful condition as speedily as possible.

Total net cost of supporting paupers at Farm for the twenty months ending Dec. 31, 1892,	\$10,156 28
--	-------------

In accordance with Chapter 30, Sec. 1, Pub. Statutes, the Superintendent of County Farm shall make up his report to Jan. 1st annually, and also Sec. 2 of said chapter requires that the Superintendent's report shall contain, in addition a list of the paupers actually supported at the Farm, and the number of weeks each was so supported, also a statement of the average cost per week for each pauper, with an explanation of the basis upon which said calculations were made.

The whole number of persons supported and partially supported for the twenty months ending Dec. 31, 1892, was (195) one hundred and ninety-five.

The number of weeks board is ascertained by taking the number of days between the day of admittance and the day of departure of each individual, and dividing that number by seven, it gives the number of weeks each individual has been so supported.

The whole cost of supporting paupers on the farm for the twenty months ending Dec. 31st, 1892, is \$10,156 28 this sum divided by the whole number of weeks board furnished viz 10,407 gives \$0.97 1-2 as the price per week.

In presenting this my third report to the people of Grafton County, I feel that a few words of explanation may not be out of place. In providing comforts for the dependent poor, we have endeavored to keep the interests of the tax-payers in view, and it has been our earnest desire to do justice to both. The change in time of taking our inventory, which is made necessary by law, is misleading as to the actual cost per week to the amount of about fifteen cents, which would make the cost about one dollar and twelve cents. We think that this is as low as it can be done and do justice to the inmates. We are confident that those who have visited us will agree that they are comfortably clothed and properly fed; our fires are kept up night and day in cold weather, hunger and cold are unknown. We feel to congratulate our dependent poor that their lot is cast among a people whose humanity prompts them to be not only just, but generous. With thanks to the Honorable Board of Commissioners for their kind courtesies and prompt response to every call, this report is respectfully submitted.

December 31st, 1892.

H. R. NORRIS, Superintendent.

COUNTY BUILDING, Woodsville, N. H., Dec. 31st, 1892.

We the undersigned hereby certify that we have examined the foregoing account of the Superintendent of the County Farm for the County of Grafton for the twenty months ending Dec. 31, 1892, and that we find the same to be properly vouched and correctly cast.

SOLICITOR'S REPORT.

The report of this year, owing to the change by Statute of the official year, includes the time from the last report in April, 1891 to the present time.

During this time there have been no cases upon the civil docket in which the County was a party.

At the conclusion of the official year ending April 30, 1891, sixteen cases remained upon the docket, seven of which were appeals from justice and police courts.

At the September term 1891, a grand jury was summoned for the promise of receiving the evidence against Frank C. Almy at that term, and an indictment was found for murder in the first degree, but the trial was postponed by the Court till the November term because of Almy's condition. The three different hearings in this case and the work done in hunting up and capturing Almy entailed considerable expense upon the County, but the expenses were held down to the lowest figures possible.

During the present term, thirty-eight cases have been added to the criminal docket all of which were indictments and found at the different terms as follows:

September Term, 1891,	1
November Term, 1891,	5
March Term, 1892,	7
November Term, 1892,	25

These thirty-eight cases with those upon the docket April 30, 1891, make fifty-four cases in all during the term. Thirty-seven of these have been disposed of and seventeen still remain upon the docket, of the thirty-eight indictments found during the term 19 were for violation of the liquor laws. The character of the offenses for which indictments were found since the last report is given below.

Respectfully submitted,

W. H. MITCHELL, Solicitor.

AUDITOR'S REPORT.

We have carefully examined the accounts of County Treasurer, Commissioners and Superintendent of the County Farm, and find them correctly computed and vouched. We further say that in our judgment the articles purchased by the Commissioners, were at a fair market value, and were used for the benefit of the County. Bonds and coupons reported by the Treasurer as paid were cancelled in the presence of the Auditors and County Commissioners, December 31st, 1892.
